**Subject:** FYI: EPA Region 10 To Release Proposed Determination Regarding the Pebble Deposit Area Today  
**Attachments:** Final ANCSA Letter.pdf

Good Morning ANCSA Executives:

This is a courtesy email to inform you that later today, EPA Region 10 will be releasing its "Proposed Determination of the U.S. Environmental Protection Agency Region 10, Pursuant to Section 404(c) of the Clean Water Act, Pebble Deposit Area, Southwest Alaska." EPA Region 10 is taking this step to protect valuable salmon habitat in the Bristol Bay watershed from unacceptable harm that would result from a future mine at the Pebble deposit. EPA is also providing notice of public hearings and a public comment period on the Proposed Determination. Additional information about the Proposed Determination and the public involvement opportunities at [www.epa.gov/bristolbay](http://www.epa.gov/bristolbay).

The attached letter contains details regarding the Bristol Bay ANCSA Corporation engagement plan and upcoming teleconference calls. This letter along with a copy of the Proposed Determination and Fact Sheet will be mailed to you early next week.
